

A woman with blonde hair, wearing a black blazer and black boots, is standing at the end of a long, rectangular dining table. She is lighting a tall, thin white candle in a gold holder. The table is set with white linens, glassware, and a large, vibrant floral centerpiece featuring blue, pink, and white flowers. Several other candles are already lit on the table. The room has dark blue walls, large circular mirrors, and warm lighting from wall sconces and a chandelier. The floor is made of light-colored wood. In the foreground, there are some green plants with small white flowers.
